A Changemaker Path

Here is our proposal: a changemaker path that starts with **celebrating** social innovation to continue with **connecting** and **learning** with/from the most impactful social entrepreneurs in Europe.

Our hypothesis is that personal connection and mutual admiration leads to **collaboration**. And when this happens between the most advanced systemic thinkers in our region we can dream as big as our imagination allows.

**Celebrate**

Celebrate social innovation and Ashoka Fellows in Europe

**Connect**

Connect with the key drivers of social innovation in Europe

**Learn**

Follow our 5 paths of learning around Venture Philanthropy, Changemaker Companies, Capacity Building, Sustainable Development Goals and Social Entrepreneurship:

- **Venture Philanthropy**: A path to reflect about effective partnerships between funders and social entrepreneurs for system change
- **Changemaker Companies**: A path to reflect about social impact in corporates beyond CSR
- **Capacity Building**: A path to gain new tools, methodologies and skills for systems change
- **Sustainable Development Goals**: A path to reflect about the latest trends and solutions in migrations, health, education, gender equality...
- **Social Entrepreneurship**: A path to question our sector together and make it more diverse, inclusive and transformative

**Collaborate**

Build alliances with social entrepreneurs, companies, venture philanthropists and other key stakeholders in the sector
Ecosystem Events

Ecosystem Events (EE) are public, independently organized events hosted during the week of the European Changemaker Summit.

EE organizers play a critical role in making sure that the knowledge and experiences coming from around Europe reach local actors. Also, they make ECMS a week long celebration of social innovation, engaging citizens from different sector in the Summit.

Follow this icon in the agenda to see all our Ecosystem Events
